

The following is an explanation of the relationship between Our Club and our members, and what each can expect of the other.

Our Club provides information and advice to members. Any such information is given in good faith.

Our Club has a website, a closed Facebook Group (available only to current members) and an Instagram feed. Club Officials administer these social media platforms.

Events are organised and held throughout the year and it is hoped that members will attend, if they are able to do so.

Notice of these events is provided via our Club's website, Newsletter and our Club's Facebook and Instagram pages.

There is no obligation for members to attend, however if able, attendance is welcomed.

Regular rides are not organised by the Club. However, individual members are more than welcome to contact the Club Secretary, should they wish to put together a ride. The Club Secretary shall provide contact details for members, should they wish to organise a ride in their local area.

These details include phone numbers only, not member's addresses.

It is expected that those attending will comply with all relevant State and Territory laws and not conduct themselves in a way that will bring disrepute to our Club. Those taking part, are expected to wear Club merchandise and help promote our Club in a positive way, wherever possible.

Merchandise is available for sale from the Club Secretary, with details of what is available and prices, on our Club's website.

Those members who operate their vehicle under relevant State historic registration programs, must abide by all conditions related to that scheme NO EXCEPTIONS! If your vehicle is on historic registration with our Club, you must ensure your membership is current and that you advise the relevant State Registrar and / or Club Secretary of any change in contact details as soon as possible.

Our Club publishes a Newsletter, available via post or email. Those who receive their Newsletter via post pay \$30 per year in membership. Those who elect to receive their Newsletter via email pay \$25 per year in membership fees.

Members are invited and encouraged to contribute to Our Club's Newsletter, on the understanding that the editor reserves the right to publish articles based on content and relevance to our Club.

Members can advertise anything XS650 related on the Club Website, on the understanding that, should their item or items sell, they advise the Web Manager as soon as possible.

Our Club holds an AGM every year, usually in October. The venues alternate yearly between New South Wales, Victoria and SE Queensland. There is no obligation for members to attend, however if able, attendance is welcomed. This event is catered for by the Club, with awards presented to members for the longest distance travelled on an XS650, the best XS650 in attendance and the longest distance travelled, by any means.

At our AGM, committee positions become vacant and members can nominate themselves for those positions. It is expected that those who nominate will perform the role to the best of their ability. Our Club's financial position will also be discussed, with members able to contact the Club Secretary at any time throughout the year to enquire about Club financials, should they wish to do so.

Membership renewals are due in June each year. As per our Club's Constitution, members will receive two reminders, should they be overdue. These reminders will be sent via email, or post and a reminder will also be posted on our Club's Facebook group.

**The May Newsletter will contain a renewal reminder however this will not include the names of member's who are overdue. It is the responsibility of Club Member's to ensure their membership is current.**

Should a member's contact details change, or they wish to cancel their membership, they are to contact the Club Secretary as soon as possible, in order to maintain an up to date register of members.
